ArmorGroup International Training's CONDO pre-deployment Course has been designed to prepare students for deployment and employment on MOD contracts inside the nominated Joint Operations Area (JOA).

ArmorGroup's CONDO course uses a systems approach technique which initially addresses the student's awareness of the security environment and stresses the importance of recognising possible threats. ArmorGroup's courses, which combine advanced classroom techniques with relevant practical experience, have consistently been at the forefront of innovative, realistic and effective approaches to training.

ArmorGroup's instructors are highly experienced, former Special Forces soldiers who have an effective blend of operational experience and recognised civilian teaching qualifications.

The CONDO course can take place at ArmorGroup's secure and private facility Pershore facility or at clients' premises. ArmorGroup recommends students receive training in the following core modules:
